What about those hard-to-reach bottles? No problem!

[Image #3]

Easily remove the brush head, drop in the bottle with soap, water, and shake clean!
Once shaking is finished, simply reattach the brush head to the handle!

It’s so fun, you’re kids will want to help!

Use it as your primary dish-cleaning tool

or for surface cleaning prior to using your dishwasher!

Its antimicrobial material prevents bacteria growth,

but feel free to toss it in the dishwasher for additional sanitation!
